

Gateway Research Organization 2025 Summer Research Assistant

Gateway Research Organization (GRO) is an innovative, producer-driven, non-profit research organization that conducts agriculture research, demonstrations and extension services for producers in the Northwest region of Alberta. GRO is based out of Westlock, Alberta and provides support to eight surrounding counties. We initiate and perform work in all areas of agriculture, focusing on livestock, forages, cereals, pulses and oilseeds.

Our team is seeking to add four Summer Research Assistants for our 2025 season, each specializing in a slightly different role that could include: soils, livestock, crops, data analysis, event assistant or equipment operation.

If you enjoy working outdoors, doing something different every day, and learning from hands-on experience, then this is the job for you!

Responsibilities:

- Work as part of a team to complete seed preparation and trial planting
- Collect and compile accurate data on research trials and projects including seed quality, plant growth and health, soil health, harvest results, etc.
- Perform field and pasture management tasks safely and efficiently; seeding, spraying, weeding, mowing, soil sampling, livestock handling, fencing, etc.
- Assist with field design and planning, implementing project protocols, analyzing and summarizing data and preparing reports for extension events
- Assist with events, tours, workshops and other projects as needed

Qualifications:

- Valid class 5 license
- Attention to detail and follow instructions
- Ability to work independently
- Willingness to work outdoors in all conditions
- Able to lift and carry up to 40 lbs., walk and work in uneven terrain
- Able to maintain focus while performing repetitive tasks
- Able to work occasional overtime
- Experience with MS Office
- Previous experience in agriculture or a farm background is an asset

Job details:

- Regular hours are Monday to Friday, 8:30-4:30 pm including a 30 min paid lunch
- Occasional weekend, early start or late evenings may occur
- Potential for extension into the fall for part-time or full-time hours
